

Regarding K-Love Radio Station heard on 105.5 and 100.9. This station has served me well for many years. It is a positive and encouraging music, just as it proclaims to be. It is the music my family and I prefer to listen to. Serving us Spiritually. It would be sorely missed by all. I am an RN and my patients benefit by listening to this comforting music as they recover, as well as encouraging staff through difficult times. The elderly and homebound especially benefit because they cannot get out to their churches to worship. I have met many youth who are choosing this music over the other choices they have. And what a good moral choice, filled with positive outlooks on life with clean language and inspiring words. The youth need this desperately and it would be a true loss of good values and example for them. Please preserve the service of K-Love radio and let it not be replaced by an LPFM Priority. Thank you, Deb Killeen
